

Handmade bar soap, sold bare, by the case.

16 cold process scents from our Calgary workshop, ready for your bulk display, your own packaging or gift baskets.

THE BULK SOAP PROGRAM

Real soap, made by hand, without the box.

Every bar is cut from small batches of cold process soap in our own Calgary workshop. We ship them bare, so you can sell them loose by the bar, wrap them in your own paper and label, or tuck them into gift baskets.

100 g

Each bar is about 2.75 x 2 x 1.25 in, cut by hand, so every bar is a little different.

Since 2003

We have been making soap by hand in Calgary for more than twenty years. Our family has been part of Canada's natural health movement since 1977.

\$4.99

Our suggested retail price. You keep about 46% of every sale.
